Apparel General Operations Manager with sourcing, quality assurance and export experience in SE Asia

General Manufacturing and Operations Manager needed for major USA based international company to manage its Hong Kong administrative, sourcing and export office.

Will have management oversight on all apparel sourcing and manufacturing vendors in Hong Kong, China, Malaysia and Thailand as to buying personnel, quality auditors, administration and exporting personnel.

Strongly prefer a candidate with previous and recent buying/sourcing experience in heavy weight apparel such as denims/twill products with any experience in work wear and uniforms especially appreciated.

Products sourced will include finished garments as well as raw materials (fabric) and consumable supplies such as thread, zippers, buttons, etc.

Must have a thorough working knowledge of fabrics and fabric finishing as well.

Must be fully bilingual (written and spoken) in English/Cantonese with Mandarin preferred as well.

Prefer candidates currently authorized to work in Hong Kong but will consider others as well.
